

About the Cover

Deep Melodies

by Chloe Emery

“My experience as an artist formed naturally from the early stages of my life. I was always drawn to art as a kid, especially drawing. I’ve recently started to paint with acrylic, and it has become my favorite medium. The purpose of my art is to document my personal experiences and views of skateboarding and music, primarily through painting. I want to show people the beauty and expression found in activities that are often considered to be rebellious. I’m currently a high school student. I have shown my work in the Merced Multicultural Arts Center and have toured various art schools in LA after winning the Otis Portfolio Challenge in 2025. I have participated in other competitions within the Merced community, and plan on competing more as I enter my senior year of high school.”

Chloe Emery is a talented multi-disciplinary artist and musician. She skateboards and plays bass in the metal band “Mind”. Chloe’s cover art is an acrylic self-portrait, depicting herself playing bass. We encourage visitors to see Chloe’s recent artwork during Sierra Art Trails at the Madera Community College, Oakhurst campus. She is artist #23 in this catalog.

Sierra Art Trails offers several student sponsorships each year, giving promising art students an opportunity to participate in the annual Open Studio Tour free of charge. This year, we have a record number of students and schools participating. We are honored to have the support of everyone that has donated to the program, and the continued community support for the SAT Open Studio Tours.

Chloe’s artwork can be seen at Yosemite Gateway Art Center in Oakhurst.
